

**E - Universities - piloting a model of the digital maturity system of higher education in the Republic of Croatia (National Recovery and Resilience Plan – NPOO)**

**Coordinating institution:** Croatian Academic Research Network – CARNET

**Project timeframe:** 2022. – 2025.

**Partner institutions:** Sveučilišni računski centar (SRCE), Agencija za znanost i visoko obrazovanje (AZVO), Nacionalna i sveučilišna knjižnica u Zagrebu (NSK)

**Targeted stakeholders:** higher education institutions in the Republic of Croatia (FHSS part of the wider project network)

**Project goal:** Improving digital teaching infrastructure, introducing digital teaching tools and strengthening teachers' digital competences for teaching in a digital environment. The digital transformation of public higher education institutions will be approached systematically. The project contributes to the flexibility and innovation of education, combines the raising of organizational, management, infrastructural and educational categories of development, enables the convergence of public national and EU higher education policies, while continuously monitoring current directions of digital technology development.

**Coordinator of the work group at FHSS:** assist. prof. Suzana Tomaš
