

Practical-Active-Together-Interdisciplinary! – Service learning programs for the environment and sustainable development, (European Social Fond, Effective Human Resources)

Coordinating institution: Sunce Association for Nature, Environment and Sustainable Development

Project timeframe: March 2018. – March 2020.

Partner institutions: Faculty of Chemistry and Technology in Split, Faculty of Economics in Split, Faculty of Law in Split, Faculty of Humanities and Social Sciences in Split, Alumni of the Faculty of Chemistry and Technology in Split

Project goal: The general goal of the project was to increase awareness of the importance of adopting and applying knowledge and skills, civic engagement and cross-sectoral environmental protection cooperation and sustainable development. Implementation of service learning programs stimulated active engagement of student and teachers, strengthened inter-sectoral cooperation, and promoted and encouraged socially useful learning for environmental protection and sustainable development.

Members of the project team at FHSS - ST: Ivanka Buzov, Mila Bulić
